Subject - Estimate for Rs 23,000/- for cement concreting the New Taragupet, 2nd Main Road, from Mysore Road to Minto HospitalCircle, Bangalore City

SIR,

I have the honour to state that the Municipal Council have at their meeting held on 7-12-1946 approved the above estimate for Rs 23,000/- A copy of the same is herein enclosed for favour of obtaining sanction of Government to the same, as the cost of the work exceeds Rs 5000/-

2 This expenditure will be met out of Rs 50,000/- provided in the sanctioned budget for the year 1946-47 under Cement Concreting the roads of Aralepet, Belimutt and New Tharagupet The estimate together with the report accompanying it, is enclosed for favour of reference

I have the honour to be,
Sir,
Your most obedient servant,

Municipal Commissioner

Forwarded with compliments

Rao Bahadur

Honorary President

REPORT TO ACCOMPANY THE ESTIMATE FOR Rs 23,000/- FOR CEMENT CONCRETING IInd MAIN ROAD, NT THARAGUPET, 7TH DIVISION

The surface of the 2nd Main Road of New Tharagupet which is tarred is very badly worn out (for the major portion of the length) and is in need of urgent attention The length of the road is nearly two furlongs The road which is full of pot holes will often becomes dusty and slushy during summer and winter seasons Every year heavy amount is being spent for the upkeep of the road in good condition but it is in vain due to the heavy traffic passing through this road carrying food and grains to the shops situated on either side of this road. Hence it is proposed to lay cement concrete to this road to keep the road in condition and thus avoid un-necessary expenditure every year over this road Necessary provision has been made in the estimate to lay 5" thick of cement concrete for 24' width by employing labourers departmentally for the execution of work in an efficient manner

Granite metal required for the work will be collected at the lowest approved tendered rate of the division Cement will be supplied departmentally and the sand will be conveyed through departmental lorries from Kumbalgude Concrete Mixer will be used for mixing the aggregates Departmental water lorry also will be used for the work Provision has been made in the allocation of 1945-46 Rates provided are as per approved schedule and tender rates
